

Training and Learning Policy

Mandatory Training

Every employee must complete Information Security Awareness Training once every year.

Completion of mandatory training is tracked by the Learning Management System.

Professional Development

Employees are encouraged to complete at least 20 learning hours annually.

Employees may request reimbursement for approved certification programs.

Manager approval is required before enrolling in paid training programs.

Learning Resources

Employees have access to online learning platforms and internal knowledge repositories.

Additional learning resources may be recommended by team managers.
